How refreshing is it to see a three bedroom home that offers good size along with a double garage. Positioned on approx 645sqm of land moments from the rejuvenated Southland's shopping centre, it is an opportunity not to be missed. Both the kitchen and bathroom are modern, there is a dining room/study, a second toilet and a sunroom for entertaining. The double garage is a wonderful feature as is the side access and landscaped gardens. Offering fantastic value for money we suggest you book your inspection before it's too late. Call now!
