

8 Plains View Crescent Mount Riverview NSW

4  2  5 

This uniquely designed mountain home has views across the plains to the city from all living areas and master suite. The architect has captured the vistas with floor-to-ceiling windows and clever angles over three separate levels.

The mid level features a stylish and spacious living and dining area adjoining the immaculate and contemporary kitchen leading to the expansive, timber deck. Also on this level is freshly renovated laundry with WC and steps for internal access to the double garage.

The spiral steps lead up to a mezzanine study area with best view in the house and could also double as another living area. Coming off this are the master suite with walk-in robe and two other bedrooms as well as separate full-size bathroom.

The lower level has the capacity to be used as separate

Type : House
Land Size : 2163 sqm
