

24 Reddan Avenue Penrith NSW

3  1  4 

What a great opportunity to enter the market for your new home with this one also well priced. With interests rates so low and possibly staying that way for a while, now is the time, you are a short walk to schools, hospital, shops and transport. It has a lot to offer so call now with three beds, timber floors detached garage and a carport and the added bonus of air conditioning.; it is a terrific street just hidden away and a good house just waiting to be snapped up.

Type : House
Land Size : 569 sqm
